**FACTS:**

Beginning in or about November 2013 and continuing until in or about February 2015, in the Amarillo Division of the Northern District of Texas, and elsewhere, Becky Renee Kite (Kite), defendant, did knowingly embezzle, steal, obtain by fraud, or otherwise without lawful authority, convert to her own use property of a value over \$5,000 owned by or under the care, custody and control of Gilvin-Terrill, Ltd, that is, approximately \$71,011.13.

At all times material to this factual resume, Gilvin-Terrill, Ltd (Gilvin-Terrill), was an organization that received federal assistance from the United States Department of Transportation through the Texas Department of Transportation in excess of \$10,000 for each one year period beginning January 2013 and ending February 2015. Also, Kite was an agent of Gilvin-Terrill in that she was employed as a contractor administrator and accounts payable clerk.

On February 6, 2015, Martha Chow, the owner of the road construction company Gilvin-Terrill, contacted the FBI and reported the embezzlement. Martha Chow, Tim Chow, and their accountant were all interviewed regarding the embezzlement. According to them, Gilvin-Terrill issued Chase credit cards to certain employees; however, Kite was not one of them. While Kite was employed at Gilvin-Terrill, she was asked to collect and place the company credit cards, in the company safe.

The embezzlement was first discovered on February 3, 2015, when Elizabeth Dodson (Dodson), an employee of Gilvin-Terrill and an employee who was issued a credit card, received a phone call from a glass vendor asking her some questions about her order. Dodson had not placed any such order and did not know what the caller was talking about. Dodson then discussed the call with Tim Chow.

Tim Chow discovered that Gilvin-Terrill was not receiving statements in the mail from Chase for the account, so he requested three months of statements. Tim Chow discovered dozens of

unauthorized transactions which appeared to be for personal expenses at retail locations in and around Amarillo, Texas. Chow noticed purchases from out of state glass vendors, and he knew Kite's boyfriend is a glass blower. Chow then ordered the last two years of statements from Chase and discovered unauthorized purchases in or around October 2013. After the discovery, Chow told Elizabeth Dodson to collect all the cards from the safe, but there were three cards missing.

In addition to unauthorized retail purchases, there were also frequent ATM cash advances on the card. Chow did not set the account up to get cash advances; however, FBI later learned Kite added this capability and obtained personal identification numbers (PINs) for the cards. *one of big BK*

Gilvin-Terrill's accountant looked into the matter and learned that Kite was making payments on the credit card balance using company funds. Kite did this by making electronic payments from Gilvin-Terrill's operating account. The accountant also discovered that Kite was posting the payments to Chase in the company books as though they were for fuel and other legitimate company expenses.

On February 11, 2015, Kite was interviewed by FBI agents. Kite admitted to using the company credit cards for personal expenses without permission. Kite admitted to changing the account preferences to where she could take out cash advances from *one card. big BK* the cards. Kite estimated that from October 2013 to February 2015 she made between \$60,000 and \$80,000 in unauthorized charges and cash withdrawals on the company cards. Further, Kite admitted to changing the account preferences to where the statements would be emailed to her instead of mailed to the office. Kite admitted to making payments to Chase electronically from Gilvin-Terrill's operating account.

FBI obtained security video from JPMorgan Chase and from four different retailers that showed only Kite conducting the ATM withdrawals and purchases with the Gilvin-Terrill credit cards.

The accountant's analysis of the credit card statements shows that Kite conducted a total of 759 unauthorized transactions totaling \$71,011.13.
